- I. Call to order**
- II. Review Agenda**
- III. Approval of the 1-06-2025 Minutes**
- IV. Broadband Strategic Plan Update**
- V. Next Steps for Coalition – Committees & Partnerships Options**

Suggestions from JUB:

- 1. Issue a Request for Information (RFI) to internet service providers (ISPs) who would be willing to team with Idaho County to develop open-access networks in unserved & underserved communities. This could be aimed specifically at identifying potential public-private partnerships targeted at obtaining BEAD grant funding for projects areas in Idaho County.**
- 2. Facilitate an open forum for ISPs to present information about the services they provide and current/prospective areas of coverage.**
- 3. Facilitate a coalition meeting to identify benefits that Idaho County may bring to a public-private partnership (ROW, land, facilities for infrastructure, in-kind match, etc.)**
- 4. Organize the coalition into subcommittees dedicated to project areas or regions (may initially be BEAD funding focused or conducted in coordination with #2, above).**

- VI. Set the Next Meeting**
- VII. Adjourn**
